Mark Ojeda-Vasquez-Student Support Tutor- Pullen/Renaissance*

Welcome Back!! This past week has been a whirlwind getting organized, greeting past students and meeting our new students. I am sure getting back into the “school” routine has been challenging; I know it has been in our home. We will no longer be working at Mary McGuire; however I will be at Vowles.

For our new families here is a brief introduction and explanation of services. We work for the Saginaw Chippewa Indian Tribe under two Federal grants, Title VI and Johnson O’Malley. These grants allow us to provide support to Native American students from any Federally recognized tribe and up to second descendents of these tribes in the public school; meaning if there is a grandparent federally recognized they are eligible for services. We have three different forms; Release of Information, Title VI and JOM that we need filled out completely and signed in order for your student to receive services. Some of you have already filled these out and others will be sent home and need to be returned to the school.

For those of you who do not know us; my name is **Anita M. Hall** and I have worked in this position for 16 years now. It has been such a rewarding experience. **Mark Ojeda-Vasquez** has worked in this position for three years ; but has worked in various positions in his tribe for twenty-five years now.

We are looking forward to an amazing school year! If you have any questions or concerns feel free to contact us at any building or email, ahall@sagchip.org

We had a few changes this school year which I am hoping allows both Mark and I the time/ability to provide coverage, therefore a better service for our students. We will be working between Renaissance and I the next week or so I am hoping we can touch base with the staff and set up schedules to assist either in the room or work one-on-one for students in need.
